PROFILE

My name is Theng Seangheng, a Third-year Semester 2 student at BELTEI International University, Campus 1 (Toul Sleng), Studying Major Computer Networking and Cyber Security. My experience includes maintaining computers, installing and configuring software, and managing network devices. I am highly motivated to transition my academic knowledge into real-world IT operations through an internship or entry-level position. I have a strong interest in network security, system administration, and IT support. I am a quick learner and an effective team collaborator, ready to contribute immediately to a goal-oriented team.

WORK EXPERIENCE

Office Intern

Faculty of IT, BELTEI International University – Campus 1

4 June 2026 – 20 Sep 2026
